I learned so much through her class all thanks to her. She is an amazing professor!"

ARTS346 PROCESS + SYSTEMS - UNIVERSITY OF SOUTH CAROLINA

"Professor Meena Khalili is not only an expert in the field of design, but an expert in teaching her students. With every project you get the sense that she wants her students to succeed and be prepared for the professional world after graduation. She brings in visiting designers who are successful in their field to give guest lectures. These lectures provide us with valuable knowledge of the professional world. The way Professor Khalili structured this class allowed me to create a good portion of visual elements that I could put in my portfolio."
